

Opportunities in Green Public Procurement

Oshani Perera and Laura Turley

11 December 2013

Better living for all—sustainably

Government investment, 1970 to 2011, % of GDP

Source: OECD

Continued focus on Public Private Partnerships

Aggregate value of PPP transactions in the EU first half of 2013

- **24 transactions valued at 9 billion**
- **Average value of transaction: 370 million**

**No only about roads...
..... Green Urban Infrastructure**

Resilient Cities

- **Resilient infrastructure and city-region support systems**
- **Ecosystem based adaptation, including blue/green infrastructure and biodiversity**
- **Resilient infrastructure design**
- **Adaptive urban design**

Dealing with Climate Change

Adapting infrastructure to floods and storms?
Planning for droughts and energy scarcity?

*Special report: USA TODAY, in a series of stories this year, is exploring how climate change is affecting Americans. **The fifth stop: The parched Austin area, epicenter of Texas' three-year drought.***

The mobility debate

Roads **Vehicles** Work-Life Balance **Urban** Rural
Access **Trade** Environment **Health**
Lower Greenhouse Gas Emissions
Reduced Commuting Lower Noise **Lower**
Pollution Competitive Prices
