

8th International Conference on Managing Pavement Assets

"Fulfilling the Social, Economic and Environmental Responsibility for Sustainable, Well Managed, Better Roads"

INVITATION TO PARTICIPATE

On behalf of the organizing committee, the Pontificia Universidad Católica de Chile and the Transportation Research Board, we are pleased to invite you to participate in the 8th International Conference on Managing Pavement Assets. The conference will be hosted in the Extension Centre of the Pontificia Universidad Católica de Chile and the Crowne Plaza Hotel on November 15-19, 2011 in the city of Santiago, Chile.

CONFERENCE THEMES

Building on prior successful conferences held in Canada, United States of America, South Africa, and Australia, seven topics have been selected to reflect recent developments and needs in the pavement and transportation asset management area:

- Performance Based Private Public Partnership (PPP) Projects
- Sustainable Design, Construction and Operation of Pavement Assets
- Tools to Improve the Decision Process
- Preservation and Maintenance of Pavement Assets
- Management Practices and Applications
- Pavement Performance Modeling, Key Performance Indicators and Implementation Targets
- Special Requirements/Situations (Local Roads, Airfields, Cold Regions, Urban Pavements, Rural Roads, etc.)

IMPORTANT DATES

Submission of Abstracts Deadline	August 31, 2010
Submission of Papers Deadline	January 14, 2011
Submission of Final Paper	July 1, 2011
Early Bird Registration	August 1, 2011

CONFERENCE ACTIVITIES

- During the four days of the conference several activities will take place to transmit, discuss and promote new developments and practices in the field of Pavement Assets Management including:
- More than 100 technical papers will be presented
 - Three panel discussions regarding Private Public Partnerships (PPP), sustainability and development.
 - Tutorials on different specialties
 - Three workshops
 - Social receptions
 - Pre- and post-conference Tours
 - Program for Companions
