

- 1 In 2007: Yashwantrao-Chinchwad, Songapur, Hanganro, Maporo
 - 2 In 2008: Tongilo-Ujuro
- Two routes will be selected after a thorough review of traffic conditions concerning remaining routes, including Dongakolaco and Gonglungano.

MUMBAI CITY DEVELOPMENT PLAN 2005-2025

STRATEGY FOR TRANSPORTATION

The transportation in Mumbai is focused around travel between places of stay in the historical development of Greater Mumbai and scarcity of land had resulted in the growth of satellite towns of Thane, Kalvan-Dombivali, Navi Mumbai and beyond.

Integrated Transport Plan 2010-2020

Urban Transport Policy and Planning Documents

An overview on urban transport plans and strategies from all continents

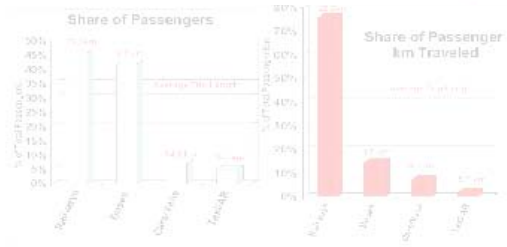

Nove

revenue is currently being pushed forward, the city of over 12 million generates about 11 million trips daily.

catered by sub-urban railway and the public transport bus services provided by BEST with the average lead being 22.15 kms for rail and 4.67 kms for buses.

Figure illustrates share of passengers across the transportation facilities.

- Some of its Major Goals are:**
- Cutting city traffic fatalities by 50% from 2007 levels.
 - Implementing bus rapid transit lines and measures to improve bus speeds city-wide.
 - Doubling bicycle commuting by 2015.
 - Initiating city-wide parking policies to manage curb space to reduce cruising and congestion.
 - Adopting complete-street design templates for reconstruction projects.

Seoul
Clean and
Attract
Global City

- Delivering better street surface, better management of street and sub-surface infrastructure works
- Maximizing energy efficiency through our street lighting and office buildings
- Retaining and attracting the best transportation engineers, planners and managers.

Prepared by Arnost Stanzel, Sebastian Ebert and Armin Wagner in December 2008

GTZ – Sustainable Urban Transport Project (SUTP)

GTZ SUTP provides advisory services and training in order to assist decision-makers and planners to meet their goals in making urban transport more sustainable. Based on more than 25 years of practical experiences, GTZ developed the publication “**Sustainable Transport: A Sourcebook for Policy-Makers in Developing Cities**” (www.sutp.org) with a wealth of information and knowledge on appropriate solutions.
