

Governance Workshop

at Wallenberg Research Centre,
Cape Town, South Africa.
on Thursday, 14th October 2010

Closing Session

Facilitated by

Mark Thriscutt

Governance Theme Champion, gTKP.

Purpose of Closing Session:

- To obtain ideas and recommendations on the overall approach proposed for assessing governance capacity.
- To receive feedback on the specific indicators presented.
- To agree on how this initiative could/should evolve.
- To obtain feedback on the workshop: its objectives, format, structure, location, etc.
- To thank delegates for attending.

What Happens Next?

- A report on this workshop will be produced and posted on the gTKP website.
- All comments received in this Workshop will be assessed for adoption in the future development of this initiative to measure the capacity of governance in the roads sub-sector.
- Revised indicators will be posted on the gTKP website for wider comment and evaluation.
- Additional indicators will be drafted for other areas of road management (subject to support).
- Interested parties will be invited to test out the indicators developed.

Please Note

- This is not the end of the process, but only the beginning!
- Further development of the methodology and specific indicators will continue.
- You are encouraged to participate in this process. Please contact me if you have any further suggestions or ideas on this important initiative, or would like to be more involved in their development or testing.
- Thank you for your participation - so far!
